

COMMONWEALTH OF KENTUCKY
BEFORE THE PUBLIC SERVICE COMMISSION

In the Matter of:

APPLICATION OF WESTERN LEWIS-)	
RECTORVILLE GAS AND WATER DISTRICT)	CASE NO.
FOR A DEVIATION FROM COMMISSION)	92-331
REGULATIONS REGARDING APPLICATIONS)	

O R D E R

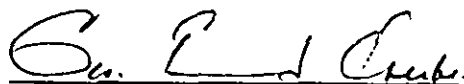

On July 31, 1992, Western Lewis-Rectorville Gas and Water District ("Western Lewis-Rectorville") filed with the Commission a letter requesting a rate increase. In its filing, Western Lewis-Rectorville requested permission to file a rate application pursuant to 807 KAR 5:076, on the grounds that filing under 807 KAR 5:001, Section 8, would be costly to Western Lewis-Rectorville and would potentially delay a rate increase that could effectively be filed under the Alternative Rate Filing procedures.

807 KAR 5:076 applies to utilities with 400 or fewer customers, or \$200,000 or less of gross annual revenues. The Gas Division of Western Lewis-Rectorville has 550 customers and the projected 1992 revenues are \$211,500. Having reviewed the filing and being otherwise sufficiently advised, the Commission finds that Western Lewis-Rectorville's filing should be allowed. Therefore, its request for a deviation from the above-cited regulation(s) should be granted.

IT IS THEREFORE ORDERED that Western Lewis-Rectorville's request for a deviation from the requirements of 807 KAR 5:076 is hereby granted.

Done at Frankfort, Kentucky, this 13th day of August, 1992.
